PROFILE

I am a motivated and adaptable undergraduate student pursuing a degree in Information Technology, with a strong foundation in programming, software development, and problem-solving. Passionate about building real-world applications, learning modern technologies, and contributing to impactful projects. I possess solid communication skills, a collaborative mindset, and a commitment to continuous self-improvement. Eager to gain hands-on experience and grow within a dynamic and innovative tech environment.

EDUCATION

B.Sc. (Hons.) in Information Technology Specializing in Information Technology 2023 - Present
Sri Lanka Institute of Information Technology

GCE Advanced Level, Biological Science Stream 2011 - 2019
Ananda College, Colombo 10

SKILLS

- Programming: Java, MERN Stack, Python, Kotlin
- Databases: MySQL, MongoDB
- Tools: GitHub, Figma, VS Code, Android Studio, Eclipse
- Soft Skills: Quick Learning, Time Management, Communication, Problem-Solving, Self-learning, Teamwork, Agile/Scrum Knowledge

PROJECTS

Online Fitness Management System (5 Members) (Feb 2024 – Jun 2024)

- Developed a Customer Page with user-friendly interface and responsive design.
- Implemented CRUD operations using PHP for the Coach Materials.
- Tools & Technologies: XAMPP, GitHub, HTML, CSS, PHP, JavaScript.

Online Stock Management System (4 Members) (Jul 2024 – Nov 2024)

- Implemented CRUD operations using Java for Registration, Log in and User Profile management modules.
- Emphasized secure authentication, efficient data handling, and seamless user navigation to enhance the overall user experience.
- Tools & Technologies: Java, MySQL, Apache Tomcat, Eclipse IDE.

Android Mobile App Development Project

(Feb 2025 – Jun 2025)

Home Services Booking App

- Developed a mobile application to streamline the booking of home services such as cleaning, plumbing, and repairs. Focused on building a user-friendly interface with service browsing

Financial Tracking App

- Created a personal finance management app for Android to help users monitor income expenses, and budgeting and CRUD.

Coconut-Based Product Management System (5 Members)

(Feb 2025 – Jun 2025)

- Developed the Coconut base Products Management System, focusing on the Customer Relationship and Feedback Management Function.
- Implemented two independent CRUD modules: one for Registration, Login, and User Profiles, and another for Feedback Management. Ensured data consistency and smooth user interaction across both modules.
- Tools & Technologies: MERN Stack (MongoDB, Express.js, React.js, Node.js), VS Code.

INTERNSHIP EXPERIENCE

• Intern – IT Technician

(Dec 2021 – Jun 2022)

Ministry of Defence, Sri Lanka

Provided technical support for computer systems and basic network troubleshooting. Assisted in day-to-day IT operations and maintained user-level devices and software under senior supervision.

CERTIFICATIONS & ONLINE COURSES

- ICT Technician - NVQ Level 04, National Youth Services Council (NYSC)
- Spoken and Writing English Course, SLEGA Academy
- MERN Stack Essentials (React & Node.js), Simplilearn
